Automotive Gasket Catalogue

Engine gaskets — Turkish manufacturer since 1968

Series production for wholesalers, distributors and OEM assembly plants

yamanconta.com

About Yaman Conta

Yaman Conta Endüstri ve Dış Ticaret A.Ş. is an engine gasket manufacturer running series production at its own factory in Kağıthane, Istanbul, since 1968. We manufacture cylinder head gaskets (including MLS multi-layer steel gaskets for Euro 4–6 diesel engines), full gasket sets, oil pan and manifold gaskets for passenger cars, light commercial vehicles, trucks, tractors, construction machinery and water pump engines. About 60% of our output goes to OEM assembly plants, where our parts go straight to the line without incoming inspection. Our monthly capacity is 50,000 cylinder head gaskets and 20,000 gasket sets. About 30% of our ISO 9001:2015 certified production is exported to more than 20 countries.

1968

MLS gaskets for modern diesel engines

MLS (multi-layer steel) cylinder head gaskets for Euro 4–6 engines: Renault 1.5 dCi K9K, Fiat 1.3 Multijet, Opel 1.3 CDTi — several thicknesses (0.72 / 0.82 / 0.92 / 1.02 mm).

Direct-to-line supply

Parts we supply to assembly plants go straight to the production line without incoming inspection.

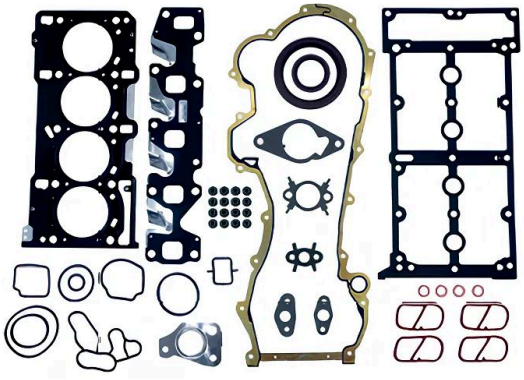

Product range

Cylinder head gaskets, full gasket sets, top gasket sets, oil pan, valve cover, manifold, turbo and water pump gaskets — for passenger cars, light commercial vehicles, trucks, tractors, construction machinery and water pump engines.

From sample or drawing

New parts tooled from your sample or drawing and put into series production. Private label and contract manufacturing available.
